## Premium quality meets modern style!

Our Gallus design features wonderfully soft twill made of organic cotton with a modern twist. The casual fit and narrow flap pockets ensure the perfect style.

And don't miss our Lopus design either in trendy corduroy. The timeless design beautifully showcases the unique details including the colour-coordinated buttons and colourful woven lining. Finally, we have an unmissable pair of denim trousers.

Featuring an authentic wash, high-quality copper button and exciting contrast stitching, our Phoenix design in FAIRTRADE cotton ensures a unique look. What do all our trousers have in common? They're all FAIR & sustainably produced in Europe!
